REASON FOR TRAVEL:					

IMMUNIZATION HISTORY:

We need your immunization history in order to prescribe the recommended/required vaccinations.

IMMUNIZATION RECORD MUST BE ATTACHED PRIOR TO SCHEDULING AN APPOINTMENT.

Responsibilities of the Traveler

Seeking and Following Pre-Travel Health Advice

Obtaining pre-travel health care and advice from a clinician familiar with travel is an important step in preparing to travel internationally. Ideally, this visit should take place 4-6 weeks before travel, but even getting a consultation in the week before travel can be of value. The pre-travel visit includes a discussion of immunizations, prophylactic medications (such as anti-malaria drugs), and specific health advice for preventing and treating traveler's diarrhea and other illnesses the traveler may encounter.

Please have only one clinician perform your entire travel clinic visit as there are certain immunizations that require a waiting period before you can receive other injections.

Submit a list of current immunizations when requesting an appointment.

Financial Agreement

There is a \$75 charge for the Travel Clinic consultation (office visit). This fee is an out-of-pocket charge. Employees and Students in good standing have the option of paying this fee prior to seeing the provider or allowing the LSHC to apply this charge directly to their Banner accounts. All other patients are required to pay this fee prior to receiving services. Please confirm with the front desk that you are able to transfer to Banner. This fee is not filed to insurance.

Other charges such as immunizations, medications, vaccine administration, lab tests, and x-rays will be submitted to the insurance on file for the patient; however we cannot guarantee these services will be covered. Most insurance companies DO NOT pay for services related to Travel Clinics. Yellow Fever is not covered and insurance will not be billed for it. Please consult your insurance company before your appointment. You will be responsible for any charges that your insurance company determines to be non-covered.

By signing below, you acknowledge the financial terms above and agree to pay LSHC for the Travel Clinic consultation as well as any balance remaining after insurance processes charges (including those determined to be non-covered). If you are an employee, you agree to allow LSHC to transfer any remaining balance to your Banner account (office visit fee, copay, coinsurance, deductible, non-covered charges). During the appointment check-in process, each employee will sign an additional document indicating LSHC has permission to transfer balances (copay, coinsurance, deductible, an any non-covered charges) to Banner.
